

# Breki Pálsson

## Address

45 Boulevard Diderot  
Paris 75012  
France

+354 777 4527  
palsbreki@gmail.com

## Languages

**Icelandic:** Native,  
**English:** Advanced,  
**French:** Intermediate,  
**Danish:** Pre-intermediate

## Programing

Python, C++ , C, R, Java

## Profile

A diligent, ambitious and creative person eager to gain further experience. Enjoys working on challenging problems while focusing on solving the tasks quickly and efficiently. Capable of working independently but prefers working with passionate and interesting people. With a strong academic background along with experience working on innovative projects.

## Education

2022 - 2023	<b>Sorbonne Université</b> <u>M2. Mathématiques fondamentales</u>	
2021 - 2022	<b>Sorbonne Université</b> <u>M1. Mathématiques et applications</u>	Mention Bien
2018 - 2021	<b>University of Iceland</b> <u>B.Sc. Mathematics</u>	First class with distinction
2019	<b>McGill University</b> Exchange Program	
2014 - 2018	<b>Menntaskólinn í Reykjavík</b> Junior college	

## Previous Employment

2021	<b>Landsbankinn</b> Market risk management	Internship
2020	<b>StudyHax</b> Creating mathematics material for Junior college	Creating educational content
2020	<b>Genki Instruments</b> Developing gesture recognition software using machine learning	Software development
2020	<b>University of Iceland</b> Assistant Teacher for mathematical analysis 2	Teaching
2019	<b>Jafna</b> Developing peer to peer lending software	Software development
2017-2018	<b>Eimskip</b> Design of algorithms for calculating shipping prices	Software development
2017 - 2020	<b>Tutoring Mathematics</b> Private tutoring	Teaching

## Projects

2021	<b>Symplectic varieties</b> Advisor: Valentina Giangreco M Puletti, <a href="#">PDF in icelandic</a>
2022	<b>The Hasse-Minkowski Theorem</b> Advisor: Antoine Ducros, <a href="#">PDF</a>
2023	<b>Modular Forms and Congruences.</b> A presentation for a Mathematical Seminar in Farum. <a href="#">PDF</a>

## Conferences and mini courses

2022	<b>Aix-Marseille</b>	Master class
	<u>Topology and algebra : knots, algebraic curves and singularities</u>	
	<b>Eötvös Loránd University</b>	Summer School
	<u>Summer school in number theory</u>	
	<b>EPFL</b>	Seminar
	<u>Number Theory Days</u>	

## Notable Achievements

2017, 2018	<b>International Mathematical Olympiad</b>	Contestant
	One of Iceland's 6 representatives <u>Results</u>	
2019	<b>Reboot Hackathon</b>	Contestant
	First place <u>Lighting up Reykjavik</u>	
2015-2018	<b>Various competitions</b>	Contestant
	<i>Icelandic National Mathematics Contest</i>	
	2016, 2017 ( <u>6th</u> and <u>2nd</u> )	
	<i>BOXID - innovation and construction competition</i>	
	2016 (3rd)	
	<u><i>Nordic Mathematical Contest</i></u>	
	2018, 2017, 2016	
	<i>Icelandic National Physics Contest</i>	
	2017, 2018 (18th and 12th)	
	<i>Junior College Programming competition</i>	
	2018
